4 Wing Floor

Single Wing Wall

All blade racking requires the addition of adhesive Price Channels and Price Tickets.

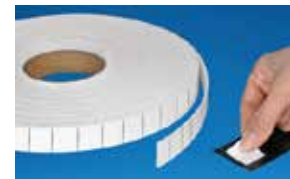

A	3RCK209	Price Channels, adhesive, pkg of 100
B	3STN420C	Price Tickets, paper, CANADIAN
	3STN420U	Price Tickets, paper, USw
C	3SGN800	Tape, Foam, Double-Sided, 1" x 1", roll of 650 squares *

Problems with Adhesion

Plastic price channels (**A**) have an adhesive backing strip. For them to stick well, they must be pressed down firmly onto a clean carboard insert on the first application. Re-application once the channel has fallen off usually doesn't work. Still, several have found that the channels aren't sticking to some of their displays. If that's the case, please use the double-sided foam squares provided (**C**). We'll improve the adhesive strips on the next order.

* Item C will be available first part of January.

Price Channel Positioning

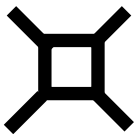

New cardboard inserts have markings to aid price channel positioning – align the bottom edge of the Price Channel with the white mark on the cardboard. For older displays, use the measurements below.

1. Leave 1/4" between top edge of Channel and top of Cardboard Insert
2. 8" down - bottom edge of Price Channel
3. 16" down - bottom edge of Price Channel
4. 25.5" - bottom edge of Price Channel
5. 35.5" - bottom edge of Price Channel
6. 45.5" - bottom edge of Price Channel

Rotating Floor Racks

Note:
If you require a complete rack, you must order both the rack and the signage kit.

4-Wing Rotating Floor Rack

3RCK050	4-Wing Rotating Floor Rack
Order the above rack and signage :	
3RCK209	Price Channels, adhesive, pkg of 100
3SGN050	Cardboard Inserts (set of 4 for 1 rack)
3POPO51E	Signage Kit - includes: 1 Header w pins & clips, 4 side strips, 4 EAB new logo cover-up decals
3POPO51F	Signage Kit - includes: 1 Header w pins & clips, 4 side strips, 4 EAB new logo cover-up decals

Circular Header
(w/ pins and clips)

Logo Cover-up Decal

3POPO51E/F

Retrofit Signage Kits
These include POP and hardware (except Cardboard Inserts below) needed to convert existing racks to new branding. Order Cardboard Inserts separately.

Wing Side Strip Decals

Cardboard Inserts
New Cardboard Inserts (from July 2014 onwards) have the logo printed on them, so won't require the logo cover-up decals found in the above kits. These can be used for other purposes.

These new Inserts also have Price Channel position markings for easier set-up.

4 Wing Floor Racks: Parts <

A	3RCK054	Wire Header (floor rack)
B	3RCK052	Wing Only (6-peg)
C	3RCK053	4-Wing Barrel (floor rack)
D	3RCK064	Floor Stand (c/w bearing & washer)
E	3RCK057	4" Pole Extension
F	3RCK056	Security Bar
G	3RCK001	Washer
H	3RCK002	Bearing Ring

J	3RCK186	Blade Rack

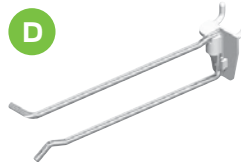

For POP please see page 11-14

Depending on their design, your existing double-loop hooks will require either : (B) & (C) or (I) & (J) components. This will cover the vast majority of hanging product. Some small packaged items, and blades displayed on peg wall (e.g. diamond blades), may require some of the other single hook hardware below.

Current design Southern Imperial hooks

Older design Trion hooks

*Required for 4-flute Auger Bits

GONDOLA

A	3RCK119	Loop Hook, 4" with back.
B	3RCK328	Scan Arm, 4". Attaches to 3RCK119 (A).
C	3RCK329	Label Holder, 2" x 1.25". Attaches to 3RCK328 (B), 3RCK333 (D) and 3RCK332 (F).
D	3RCK333	Single Arm Hook w Scan Arm, 4". For small items that can't be hung with butterfly hooks. Use with 3RCK329 (C). These slightly longer hooks are needed for our new 4-Flute Auger Bits, to hold the larger sizes.
E	3RCK121	Single 2½" Ball Hooks for peg board. In the case of items such as hanging Diamond Blades, you'll need 3RCK332 (F) to display pricing next to the product.
F	3RCK332	Single Scan Arm, 4". For items that need pricing added next to the product, such as Diamond Blades using single ball hooks. Use with 3RCK329 (C).
G	3RCK448	Gondola Upright Stem Hook, 8", w Scanner Arm, order individually. Use with 3RCK329 (C).
H	3RCK457	Gondola Upright Single 4" Ball Hook, order individually (this is not a new item).
I	3RCK334	Scan Arm, 4". Attaches to older loop hooks as illustrated.
J	3RCK335	Label Holder, 2" x 1.25". Attaches to 3RCK334 (I).
K	3RCK627	Black Arbor Hanger

Note: Please order in multiples of 100 on order form. Ex. 100, 200, 300 etc.

A	3RCK325	Christmas Tree Plugs
B	3RCK326	Plastic Push Pin
C	3RCK055A	Screw kit for brochure holder (for mounting on plywood)

EAB Exchangeable Saw Blades
Cashier Instructions

Identifying an EAB Exchangeable Blade
All new EAB exchangeable blades have a similar look, displaying the exchange message and Cash Code on the front, and Transaction Codes on the back.

Transaction Codes
Every EAB Saw Blade has two transaction codes.

UPC Purchase Code
A standard UPC bar code and number is used to track a new purchase within your stock.

EAB Exchange Code
The Exchange Code is a 12-digit number (e.g., 09997000037) and is engraved on the back of the blade.

Identifying d'une lame échangeable EAB
Toutes lames échangeables EAB ont une apparence semblable. Sur le devant, apparait le message d'échange et le numéro de code à 12 chiffres.

Codes de transaction
Chaque lame échangeable EAB a deux codes de transaction.

Un code d'achat UPC
Un code-barres USP standard avec numéros est utilisé pour suivre l'achat de nouvelles lames dans votre stock.

Code d'échange EAB
Le code d'échange est un numéro à 12 chiffres gravé sur le verso de la lame. Il fait référence à la valeur du produit, est gravé sur la lame et est imprimé sur l'étiquette au dos. Il y a un code de code unique.
